To All on Finance, Revenue and Bonding Committee,

I OPPOSE BILL H.B. 5653!

This bill will hinder people of our State to buy ammo and exercise their 2nd Amendment rights by over burdening them with this tax that I see as another way this administration is infringing on GOD given RIGHTS. We already pay an extra 11% tax on top of the 6.35% sales tax. And now is the time to say no more!

Instead of working on ways to reduce State overspending our Legislation is finding more ways to attack law abiding Citizens of Connecticut.

I ask all to VOTE NO on bill 5653.
